turnin' on the radio, finger on the dial
we're gonna make it to the AM in just a little while
talkin' bout a young girl who doesn't spend the night
but you know it's comin' cause she kisses alright

CATCH A WAVE
CATCH A WAVE
CATCH A NEW WAVE

gonna start it over now, make the music right
turn it into hi-fi, play it all night
take all your blinkin' lights, your heels and your gowns
put 'em in reactors, melt 'em all down

CATCH A WAVE
CATCH A WAVE
CATCH A NEW WAVE
