[Intro: Red1]

Yeah

Ladies

It's Rascalz

And we make hits

And we remix it, uh-huh

[Intro: Shawn Desman]

It's the Rascalz

With Shawn Desman

And T.A. y'all

So come check it out

[Chorus: Shawn Desman]

Girl you look like a moviestar

You the flyest trip no matter where you are

Ooh yeah, ooh yeah, I love the way you move baby

Girl you look like a moviestar

With your Prada dress and your fancy car

Oh yeah, oh yeah, so just keep on doing what you do

[Red1]

Full blown genetics

Somebody call the medic

These girls look good and somebody gon' get it

Yo them cats sweat it, but they don't get it

'Cause we them cats who's, all up in it

Yo short skirt wearin', tear off what you wearin'

She don't be carin', she live life darin'

And don't like sharin', and them girls starin'

Can't hold them back once she takes off them earrings

Oh oh! Here we go again girl fight

'Cause your style tight and that they don't like

When you pass through it's light the spotlight

Yo gear you rock right, so let them back bite

'Cause I got you, you hold it down, so I got's to

DJ spinnin' the sounds that we rock to

So let 'em gather around just to clock you

'Cause how you move, just one they can't stop you

[Chorus]

[Red1]

Hey yo, them girls pretty, and look good daily  
So I dedicate this, I hope y'all hear me  
I love y'all daily, so keep y'all near me  
How you put it together and never once fail me  
Y'all do it daily, with or without baby  
You, a moviestar better yet you a lady  
So I'll ride shotgun, you drive me crazy  
Think of you nearly every minute and it's scary  
Feelin' you really and I hope that you seein'  
The reason you hot if you the force you be it  
I hope you agree with, so we can be with  
Not only my zipper but you lift my spirit

[Chorus]

[Red1]

Hey yo, a real fine damsel girl, we should tango  
You do the talk and action I'll handle  
Pure satisfaction, we pure waxin'  
Though you like it rough so touch without askin'  
No one inner touch just long lastin'  
Even though I'm in a rush can't stop blastin'  
Even though we do what we be doing often  
I still want more and you know what I'm talkin', come  
here

[Shawn Desman]

Everybody's talking, so I gotta take a look  
What else can I say, but +this girl she's got me shook+  
Ooh, tell me what I gotta do  
Ooh, girl I gotta get with you  
Ooh, girl you make me feel this way  
Tell me what I got to say

[Chorus w/ ad libs to end]
