My analyst told me, that I was right out of my head  
The way he described, he said I'd be better dead  
than alive, I didn't listen to his jive  
I knew all along, he was all wrong  
And I knew that he thought I was crazy but I'm not, oh  
no

My analyst told me, that I was right out my head  
He said I'd need treatment, but I'm not that easily led  
He said I am the type that is most inclined  
when out of his sight, to be out of my mind  
Then he said I was nuts  
No more ifs or ands or buts, oh no

They say as a child I appeared a little bit wild with all  
my crazy ideas  
But I knew what was happenin, I knew I was a genius  
What's so strange when you know you're a wizard at  
three  
I knew that this was meant to be  
Well, they say little children are supposed sleep tight  
That's why I drank a fifth of vodka one night  
My parents got frantic, didn't know what to do  
But I saw some crazy scenes before I came to  
Now do you think I was crazy  
I may have been only three but I was swingin

They all laughed at A. Graham Bell  
They all laughed at Edison and also Einstein  
So why should I feel sorry if they just couldn't  
understand  
the reasoning and the logic that went on in my head  
I had a brain, it was insane, so I choose  
to let them laugh at me when I refuse to ride those  
double decker buses,  
because there was no driver on the top

My analyst told me, that I was right out of my head  
The way he described, he said I'd be better dead  
than alive, I didn't listen to his jive  
I knew all along, he was all wrong

And I knew that he thought I was crazy but I'm not, oh  
no

My analyst told me, that I was right out my head  
But I said "Dear doctor, I think it's you instead  
because I have a thing that's unique and new  
It proves that I'll have the last laugh or two  
Cause instead of one head, I got two  
And you know two heads are better than one!"
