I'm accurate secure my spot there be no hot  
seats don't trick sweet treats even if i'm  
stiffer than a swisher easy going when i'm sleep  
warlike  
it's when i attack untight mike masses  
don't conceal ya feel breed if you're exceeded  
by who is this myself i demean so my dream  
of being a hiphop master won't shatter  
like plaster sample savior sup shallow taste  
it peculiar rare file no aroma of a coma substance  
is vicious vile wicked you can't fuck with the twisted  
winding sizeable you've stumbled into hazy ill-defined  
room ya shrumed ya self butt naked ya nothin but  
chosen prunes frozen fumes  
Saafir will be here like landscape  
i'll scrape ya ass off the reel  
you've been edited i'm enriched fit  
full blown 11x13 it seems at first word  
seeing is no believing unless your vision is blurred  
from these cutesy, cutesy new boodies on rap i'm rilin  
up a muthy gats being pushed in ya Saliva

opening the file of a masterpiece  
is where i lease my space  
i rope dope styles like cows ram them in your ass  
baby, oh! and this time i didn't forget the gravy  
pay me my respect check one hobo immovable spirit  
i was brought here solely for the lyrics  
i have no time for your unsubliminal earthly  
i'll be lurkin on the b-side slidin in sideways  
on the edge straight servin them i'm on some reap  
bitch  
shit shut up fall silent no perfume  
i'll stay funky musty with this custody  
i've mastered my adrenalin sendin souls to afterlife  
like Mussolini i'm like Houdini who can see me  
i'm the same color of the sun if you have no pigment  
you'll get burned charred to a crisp  
refreshing drink i think you need a sip of this  
cause you're this close to a lip of the wrist  
and the thing you value the most  
life please let there be another entity  
to devour proficient effective  
when i think you should offer your feces  
i'm going to revel and defile in the prostitution  
of the potency words swarmin teamin up  
pain will be equivalent to the unteethin of a pup  
the force tell you don't prolong yaself

ya too noticeable to the graduated continuing  
it's amazing how your reproductive system works  
of art develop blossom gain grow  
i see the unholy gain green in ya  
seems magnify move up i prefer ya  
raise ya cup why don't ya raise ya skirt  
well i'm pleased to see that you don't have the  
correct knees for the job off my nob by far  
sighted only in infrared ya not prepared to spar  
with a heavyweight, dwelling repelling freshmens  
propelling them back to the guf look it up i'm puffy  
like my man from uptown for those weak  
don't provoke or speak or it spells an abrupt downtown  
trip, from the hips what's that smell of ass  
we've past that point i have custody joint
