"Light Sleeper"

I know I'm an emotionally disturbed
person
People think I'm talkin' to myself
when I'm
Rehearsin' on the rhyme. A mass
productionist
a mass production matador pan it
more to
the left there you go. Minimize the
Synthe sizer wiser when I wind up for
The pitch but I don't pitch a bitch
'cause
Sales get derailed and towed an
abundance
Of cash. Damn I let it go. He was my man.
I tried to trust him, but I busted him
twice
In my trash can and I'm askin'. I don't
need
Psychology to see, the dichotomy in
me.

Knew something was fishy, but I'm
better than
Wishy washy or topsy turvy. It kinda
irked
Me that I caught him sleepin'
'cause I try
To be wide awake, but ye slows it
down
So I can't dilate and show that I'm
bigger
Than that. But I also have to consider
The fact that opposed to him not
being
The right peeper, I'm a light sleeper
So what does it mean when I reach
maturity
And still see that I'm not the mayor of
my
Mayonnaise, the master of my milieu.
At least I have a swing and a few
things
On my mind, it's never a good nighty
night
Just a rise 'n' shine. Why's the rhyme
So important. Why do I have to be so

Potent and blow the mic a flow

without

Chokin' - I don't. I'm arrogant and

outspoken

Mouth no token I'm just a roust about.

I have a house and clout but I don't

come tight

But it's routine since few fiend for true

Hip-Hop. It's a trip when I drop my style

and forget it and forget where I got it

from and how I got 'em sprung

'cause I'm

Stuck on myself and I depend on my

luck

And wealth for health matters so I

don't

Explode with stress I'll serve you an

elf

Platter they'll tell me my shit is fatter

Than the first but I'm a light sleepin'

Rapper in a hearst

I don't wear sarongs in my songs.

I diss

The skirts in verses an I used to

measure

My demeters with clever panometers

but

I bounced like a pogo and I'm solo

with

The hobos. A nocturnal colonel in a

journal

I put fly kids' eyelids to rest a detour

for Deep sleep when I freak beats I snap

Like a defective contraceptive and my

sleep

Will be light, so you'll know that I'm

tight
