I can't believe this. You fucking died
I tried to tell you. That you never die young, no you
never die young
You might have listened, but you'll never learn
This place is twisted; we are so far from home
[x2]

And I'll wear a heavy shadow just to show that I'm
awake,
But it doesn't really matter when you're burning at the
stake
Does it prove that you're a saviour? Is it out of your
control?
And I don't know where we belong

This is panic. This is failure
This is everything you'd ever want to be
And even if you try to cut these already broken ties
baby,
I will let you know
Behind a black and whit screen; behind a black and
white screen she learns;
She will never learn

And I'll wear a heavy shadow just to show that I'm
awake,
But it doesn't really matter when you're burning at the
stake
Does it prove that you're a saviour? Is it out of your
control?
And I don't know where we belong

Between the walls, you hear your children breathing
Step back and watch the headlines on the ceiling
And even if you want to let them go;
You have to let them know that we are th bad ones
And we can save their very souls

And I'll wear a heavy shadow just to show that I'm
awake,
But it doesn't really matter when you're burning at the
stake

Does it prove that you're a saviour? Is it out of your
control?
And I don't know where we belong
