"Phantoms"

We are the beasts under your bed, we're so inviting.

We are the lost, we are the dead and we're here to
make sure you're aware.

We are the ghosts outside your door, creeping in
slowly.

We are the guy you're looking for; yeah we have all the
answers you need.

But phantoms come and phantoms go

We are the soldiers of the night and still stand strong

So keep holding on

We are the voices in your head, when you need silence.

We are the lost, we are the dead and we're here to
make sure you're aware.

But phantoms come and phantoms go.

We are the soldiers of the night and still stand strong.

We'll pick you up, just to watch you fall.

So take the light that's from our eyes and prove us
wrong

And keep holding on.

We are the ones who keep you up, when you are
sleeping.

We are a force that won't be stopped, but hold on and
you'll make it I
swear.

But phantoms come and phantoms go.

We are the soldiers of the night and still stand strong.

We'll pick you up, just to watch you fall.

So take the light that's from our eyes and prove us
wrong.

But phantoms come and phantoms go.

We are the soldiers of the night and still stand strong.

So keep holding on.

So keep holding on.
