I see sunshine a little higher through the trees
Sunrise, birdsong calling through the leaves
Seasons changing, the running of the tide
Rearranging, through the fields of change I ride
Holding onto what I feel inside

Beachside sunshine (Come on girls with me)
Ocean so wide (riding by the sea)
There's no mountain that we won't climb (Come on girls
with me)
Just like the sun we're gonna shine
And you'll always be a friend of mine
(Always be a friend, always be a friend, always be a
friend of mine)
You'll always be a friend of mine
(Always be a friend, always be a friend, always be a
friend of mine)

I see your face smiling back at me
This is one place that I want to be
Holding onto this feeling so free

Beachside sunshine (Come on girls with me)
Ocean so wide (Riding by the sea)
There's no mountain that we won't climb (Come on girls
with me)
Just like the sun we're gonna shine
So leave your worries far behind
It's a treasure we will find

Beachside sunshine (Come on girls with me)
Ocean so wide (Riding by the sea)
There's no mountain that we won't climb (Come on girls
with me)
Just like the sun we're gonna shine
And you'll always be a friend of mine
(Always be a friend, always be a friend, always be a
friend of mine)
You'll always be a friend of mine
(Always be a friend, always be a friend, always be a
friend of mine)

(Always be a friend, always be a friend, always be a
friend of mine)
