I like to go and play at the beach on a summer's day  
Where my troubles fade away  
I can see the people smile so I'll stay here a while  
Til I'm on my way back home

The cool and calming waves glisten in the sun  
Everybody having fun  
Like the sand and rocks they're here to stay  
And the seagulls fly away, so far away

I like to go and play at the beach on a summer's day  
Where my troubles fade away  
I can see the people smile so I'll stay here a while  
Til I'm on my way back home

When the water falls there's a rainbow in the sky  
All the colors shine so bright  
And it's there for everyone to see  
Like it all was meant to be for you and me  
I like to go and ride on the track by the seaside  
With the wind in my hair  
Then I walk down to the pier  
And the world looks good from here  
Makes me feel so alive

A place where all my dreams are free now  
I feel like I could touch the sun  
I want to float just like a kite above  
And be a bird up in the sky, so high

I like to go and play at the beach on a summer's day  
Where my troubles fade away  
I can see the people smile so I'll stay here a while  
Til I'm on my way back home

By the water is the place for me yeah  
And it's plain to see

With the wind in my hair  
Makes me feel so alive

I like to go and play at the beach on a summer's day  
Where my troubles fade away  
I can see the people smile so I'll stay here a while  
Til I'm on my way

I like to go and play
