I woke up this morning
On the wrong side of bed
The day was dawning and I was yawning
I stubbed my toe and I bumped my head
I didn't think it was funny
But it wasn't gonna get me down
Then I had to smile 'cause I knew inside that smiling
beats a frown

Like yesterday I lost my groove
But tomorrow I know things will improve
It's on its way
A brand new day
A brand new day
A brand new day
A brand new day

Sometimes it's hard
Facing one of those days
You try your best, give it all you got
But things don't go your way
Don't let it get to you
It's all they want to do
But rainy days they come sometimes
And leave us with the blues

Everyone has days like these
But don't let them bring you to your knees
It's on its way
A brand new day
A brand new day
A brand new day
A brand new day

Like yesterday I lost my groove
But tomorrow I know things will improve
It's on its way
A brand new day
A brand new day
A brand new day
A brand new day

A brand new daaaayyy
