When I wake up in the morning
Looking up, the skies are blue
I hope that every wish that you've been dreaming of
Is going to come true

I feel so free when we're out riding
Nothing ever bothers me
We're running through the mountains
Far away as you can see
You've got to take control

It's going to be a brighter day
And when the sun gets in the way
We'll lie under a shady tree
There won't be a cloud up in the sky
Never have to say goodbye
Just roaming through the countryside
With you by my side

I can't believe this happy feeling
Something's taking over me
I want to tell the world forever
That life's as good as it can be

I feel so free when we're out riding
Nothing ever bothers me
We're roaming through the mountains
Far away as you can see
You've got to take control

It's gonna be a brighter day
And when the sun gets in the way
We'll hide under a shady tree
There won't be a cloud up in the sky
Never have to say goodbye
Just roaming through the countryside
With you by my side

And when you fall down
I will pick you up
Sometime's life's hard enough

It's gonna be a brighter day
And when the sun gets in the way
We'll hide under a shady tree
There won't be a cloud up in the sky
Never have to say goodbye
Just roaming through the countryside
With you by my side
With you by my side
With you by my side
With you by my side
