I see people talk'in
Say'in lines in the parts they're play'in
And I hear people explain'in
All the choices that they're mak'in but
Please, I beg to differ
Humble yourself, you'll learn much quicker

Well, I don't know
And I'm not sure
I couldn't tell you
I haven't been down this
Road before
Don't ask me
Cuz I'm only eighteen
I haven't seen what I'm gonna be

Well, I get people ask'in me
Where is it you wanna be
Tell'in me, sorry you'll only find
That you're wasting your good time
Be careful little honey
Cuz if you fail who's gonna bring home the money

Well, I don't know
And I'm not sure
I couldn't tell you
I haven't been down this
Road before
Don't ask me
Cuz I'm only eighteen and
You're not where I wanna be

Haven't traveled the deep blue sea or
Picked from an apple tree I
Still live with me family and I
Sure don't have any expertise but
I'm setting out to find
Whatever happens to be on my mind
Wherever it is, wherever it is

Well, I don't know

And I'm not sure
I couldn't tell you
I haven't been down this road before
Don't ask me cuz I'm just eighteen and
You're not where I wanna be

Don't ask me
No, don't ask me
Don't ask me
