There's a place where I can go  
It's on a beach where the tide comes and goes  
It's not too far  
And there you'll find me when I need to know  
Just what is special to me, all my friends and family  
When I'm happy, when I'm sad, through the good times  
and the bad

With the wind in my hair  
And the waves rolling by  
Happy to be myself  
Underneath the blue sky  
With a smile on my face  
As I think of my friends  
All the fun that we've had  
And the good times ahead

The sun is shining down on me  
I feel like I could ride across the sea  
Far away, singing to myself along the way  
But I know I'd rather be  
With my girlfriends and my family  
Where I belong, having lots of fun with everyone

With the wind in my hair  
And the waves rolling by  
All the fun that we've had  
And the good times ahead  
With a smile on my face  
As I think of my friends  
All the fun that we've had  
And the good times ahead

Soon it will be time to go home  
Cuz all it takes is a call on the phone  
And I won't be alone

Everyone under the sun  
Everyone under the sun  
Everyone under the sun
