Some girls talk forever about nothing at all
But I'd rather spend daddy's money down the mall
I'll stroll across your feelings to get what I want
Manipulating everyone

I'm the girl with claws
So don't you get too near
Freeze you cold with eyes on fire
Tounge as sharp as razor wire
Girl with claws, what is your lesson here?
Don't try to put me to the test, you know you'll come off
second best

I strike such queenly poise
With my nose in the air
I never do my chores
It might ruin my hair
I like all eyes on me
Pretending I don't care
And flattery will get you everywhere

I'm the girl with claws
So don't you get too near
Freeze you cold with eyes on fire
Tounge as sharp as razor wire
Girl with claws, what is your lesson here?
Don't try to put me to the test, you know you'll come off
second best

Oh, when you think you've got me figured out
Is there another me just bursting to get out
Could be, cuz I'm the real deal yeah

I'm the girl with claws
so don't you get too near
Freeze you cold with eyes on fire
Tounge as sharp as razor wire
Girl with claws, what is your lesson here?
Don't try to put me to the test, you know you'll come off
second best

Girl with claws, so don't you get too near
freeze you cold with eyes on fire, tounge as aharp as
razor wire
Girl with claws, what is your lesson here?
Don't try to put me to the test, you know you'll come off
second best
