Visit "[Hello To Me](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Maybe I'm growing up  
I don't wanna stop (don't wanna stop now)  
Maybe I'm growing up

Hello to me, how do you do  
Who are you? I'm confused  
Hello to me, something's new  
I believe I'm just getting to know you

Maybe I'm growing up  
Don't wanna stop (don't wanna stop now)  
Maybe I'm growing up

Hello to me, I'm feeling fine  
I'm gonna have the greatest time  
I have a feeling I can see  
You're my big discovery

Maybe I'm growing up  
I don't wanna stop (don't wanna stop now)  
Maybe I'm growing up

Make a daisy chain on a sunny day  
Come on let's play it's a holiday  
The sea is blue, your eyes are too  
I know they can see what's true  
My jeans are torn, glad I was born  
This is what I've been waiting for  
Maybe I am growing up

Maybe I'm growing up  
I don't wanna stop (don't wanna stop now)  
Maybe I'm growing up

Hello to me, this is a first  
Suddenly I've got a thirst  
For everything under the sun  
This new me gonna have some fun

Maybe I'm growing up  
I don't wanna stop (don't wanna stop now)

Maybe I'm growing up

Make a daisy chain on a sunny day  
Come on let's play it's a holiday  
The sea is blue, your eyes are too  
I know they can see what's true  
My jeans are torn, glad I was born  
This is what I've been waiting for  
Maybe I am growing up

Just believe in the power of three (power of three)  
It's as easy as abc (abc)  
You can be what you wanna be (wanna be)  
Make your dream a reality

Make a daisy chain on a sunny day  
Come on let's play it's a holiday  
The sea is blue, your eyes are too  
I know they can see what's true  
My jeans are torn, glad I was born  
This is what I've been waiting for  
Maybe I am growing up at last

Make a daisy chain on a sunny day  
Come on let's play it's a holiday  
The sea is blue, your eyes are too  
I know they can see what's true  
My jeans are torn, glad I was born  
This is what I've been waiting for  
Maybe I am growing up

At last
