Here I am (Tell me)
Is this the place you want to be
Here I am (Should I)
Tell you this is right for me
Here I am (Should I)
Let you go and walk on free
Here I am (Tell me)
Is this the place I'd rather be

I know a place that you know
This place is where my heart goes
The colors of the rainbow
Show me the way to be home

This is me
Who I am
I know now
What's meant to be

Here I come
Don't stand in the way
You can try to follow me
Just don't get in my face

Here I am (Tell me)
Is this the place you want to be
Here I am (Should I)
Tell you this is right for me
Here I am (Should I)
Let you go and walk on free
Here I am (Tell me)
Is this the place I'd rather be

When my heart is feeling it's home
I like the way the moon glows
The colors of your rainbow
Show me the way to be home

This is me
Who I am
I know now

What's meant to be

Here I come
Don't stand in the way
You can try to follow me
Just don't get in my face

Here I am (Tell me)
Is this the place you want to be
Here I am (Should I)
Tell you this is right for me
Here I am (Should I)
Let you go and walk on free
Here I am (Tell me)
Is this the place I'd rather be

Nah nah nah nah nah!
Ooooooh!
Here I am

This is me
Who I am
I know now
What's meant to be

Here I am (Tell me)
Is this the place you want to be
Here I am (Should I)
Tell you this is right for me
Here I am (Should I)
Let you go and walk on free
Here I am (Tell me)
Is this the place I'd rather be

Here I am (Tell me)
Is this the place you want to be
Here I am (Should I)
Tell you this is right for me
Here I am (Should I)
Let you go and walk on free
Here I am (Tell me)
Is this the place I'd rather be

Nah nah nah nah nah!
Here I am
Here I am!
Here I am
