Another sunny Saturday and
We're all going to the movies
But I'm nervous and I don't know what to wear
Why should I care?
Now have I got the latest hairstyle
Check my purse remember to smile
I've gotta make it look like I don't care, yeah!

But something's got a hold on me
I feel uptight and I can't break free
I wonder will it always take this long?

I just wanna belong
I just wanna be there when things are right
Hanging out having fun
Making plans for the things we will become
And I hope you feel the same way that I do
I just wanna belong

We're at a party and I'm still waiting
I hope I know what songs they're playing
Why won't anybody talk to me?
What can it be?
I start to tremble, he's walking over
This is everything I've hoped for
Maybe things are looking up for me, yeah!

But something's got a hold on me
I feel uptight and I can't break free
I wonder will it always take this long?

I just wanna belong
I just wanna be there when things are right
Hanging out having fun
Making plans for the things we will become
And I hope you feel the same way that I do
I just wanna belong

I just wanna belong
I just wanna be there when things are right
Hanging out having fun

Making plans for the things we will become

I just wanna belong

I just wanna be there when things are right

Hanging out having fun

Making plans for the things we will become

And I hope you feel the same way that I do

I just wanna belong

Yeah, yeah belong

Yeah, yeah belong

Yeah, yeah belong

Yeah, yeah belong
