It's a lovely day  
It's great to see you again  
In every way I'm so glad you're my friends  
True friends forever  
Just you and me

Side by side we can ride all day Ooohhh  
You were right the day's alive you say let the  
adventures begin  
OoOooohhhhhh

It's a lovely day  
It's great to see you again  
In every way I'm so glad you're my friends  
True friends forever  
Just you and me

We've got a connection that no one can break  
These are the days we say there's nothing we can't do  
OoOooohhhhhh

It's a lovely day  
It's great to see you again  
In every way I'm so glad you're my friends  
True friends forever  
Just you and me

Sometimes clouds roll in  
They take away my grin and I'm feeling down  
Then my friends all come along, fill my heart with song  
And show me the bright side again

It's a lovely day  
The sun is shining  
In every way I'm feeling fine, yeah  
True friends forever  
Just you and me

It's a lovely day  
It's great to see you again  
In every way I'm so glad you're my friends

True friends forever  
Just you and me  
Just you and me  
Just you and me
