voice 1

It's been a lovely day
And it's so easy to forget your worries
You pack it all away
And hope that it will be the same tomorrow
Don't you worry
Not in a hurry
Don't you forget

You've got to clean it up
Wash it down
Sweep out the stables
'Fore the sun comes down
Store that tack
Paint that shed
Make sure the horses are all groomed and fed
Tonight

voice 2

When you've been riding fast
You leave a trail of dust and dirt behind you
The horses gallop past

voices 1 & 2

There's always someone there that will remind you
Don't you worry
Not in a hurry
Don't you forget

You've got to clean it up
Wash it down
Sweep out the stables
"Fore the sun comes down
Store that tack
Paint that shed
Make sure the horses are all groomed and fed
Tonight
