Visit "[Kinda Wonderful](#)" on [MotoLyrics.com](http://MotoLyrics.com)

The world from here seems kinda wonderful  
The country air soaks up the sun  
A lifetime here seems kinda wonderful

As the white line shows the way  
As the sun lights up the day  
So it's here I wanna stay  
And what else can I say

The meadow grass seems long and beautiful  
The swaying trees reach for the sun  
The breeze is warm and touches everyone

As the white line shows the way  
As the sun lights up the day  
So it's here I wanna stay  
And what else can I say

As the white line shows the way  
As the sun lights up the day  
So it's here I wanna stay  
And what else can I say

As the white line shows the way  
And sun lights up the day  
So it's here I wanna stay, ohhhhh, ohhhhh  
And what else can I say, ohhhhh, ohhhhhhh  
Oh yeah, come on

The feeling here is kinda wonderful  
I wish the day would never end  
The air is clear, the road is visible

As the white line shows the way  
As the sun lights up the day  
So it's here I wanna stay  
And what else can I say

As the white line shows the way  
As the sun lights up the day  
So it's here I wanna stay

And what else can I say

The world from here seems kinda wonderful
