Watch out
Get out of my way
You know I'm not going to stop til the end of the day
I've got daddy's credit card and I'm ready to go
And everybody else enjoy the show

Watch me
I'm part of the scene
I'm just a pretty face in a magazine
And I know you're jealous cuz I'm what you're not
And everything you want, you know I've got

But when I look in the mirror what do I see?
Somebody I don't want to be
I should be happy but I know I'm not
Look at me and all the things I've got

But all the best things money can't buy
They can give you wings that money can't buy
Like a heart that sings money can't buy
These are the things that money can't buy

That's me
Wanna lose control
I've got a new direction and I'm ready to roll
You might see my face or hear my name
But I'm another girl, I'll never be the same

Now when I look in the mirror I want to see
Somebody else looking back at me
With a different smile and a different voice
Saying, "Listen up, we're gonna make some noise!"

But all the best things money can't buy
They can give you wings that money can't buy
Like a heart that sings money can't buy
These are the things that money can't

I wanna feel the wind in my hair
And the sunlight on my face, ohhh
I've had it all, I've had enough

Someone else can take my place, ohhhh

All the best things money can't buy
They can give you wings that money can't buy
Like a heart that sings money can't buy
These are the things that money can't buy

All the best things money can't buy
They can give you wings that money can't buy
Like a heart that sings money can't buy
These are the things that money can't buy

All the best things
All the best things, oh, oh
All the best things, ohhh
All the best things
