From a caterpillar into a butterfly, I wanna put that
sparkle in your eye
You don't know if you don't try so come with me
Like Cinderella going to the ball, I don't see why you
can't have it all
I'll catch you if you fall so come with me

I'll make you the perfect boy
You'll be everything a girl could want a boy to be
The perfect boy
I've got a feeling you're the one for me
The perfect boy, yeah
Just look at you there, I wanna take you everywhere
You'll be the perfect boy, you'll see

I'll turn you into something new
You won't know yourself after I'm through
Show everyone what you can do and come with me
Like a roller coaster on a crazy ride
Show me what you got inside
It's me, there's nothing to hide, just come with me

I'll make you the perfect boy
You'll be everything a girl could want a boy to be
The perfect boy
I've got a feeling you're the one for me
The perfect boy, yeah
Just look at you there, I wanna take you everywhere
You'll be the perfect boy, you'll see

Why did it take me so long to see
The perfect boy that you can be
Why did it take me so long to know
Perfect boy, don't wanna let you go

Perfect boy, perfect boy

I'll make you the perfect boy
You'll be everything a girl could want a boy to be
The perfect boy, I've got a feeling you're the one for
me

The perfect boy, yeah
Just look at you there, I wanna take you everywhere
I'll make you the perfect boy, the perfect boy
The perfect boy for me
