Take a look around
Tell me what you see
Are you looking for a good time, baby?
And do you ever think of me?
Come on, hey!

We can sit for hours
Talk about anything
Hang for hours
Not a single word need be said
Just one look, you know how I feel
In this mixed up insane world, you're the one thing
that's real

So many reasons why you are my only one
So many reasons why I just can't get enough
So many reasons why our love is strong
It's you, it's only you, you're making me crazy for so
long
Crazy for so long

And I told you once upon a time, I tell you every time
I'm holding onto you
I told you once upon a time, I tell you every day
That I'm holding onto you
I said I'm holding onto you

I want you to know
It's just a little fun
There's no need to get too serious, no
I want you to know
I may not be the one
So please don't go and fall in love
I want you to know, oh
That our time together won't last forever
Let's take adventure where it wants to go
I want you to know
It's just a little fun
There's no need to get too serious, no

Trapped inside a tiny shell

Trying to crawl out
Looking around, seeing nothing but misery
holding, wanting, reaching, needing
All I'm really sayin'
Someone should try to feel what I'm feelin'

Situations, complication
Can't you understand (Tell me about it)

Hey, everything I say is true
You oughta know what to do
With a girl like me, a girl like me, a girl like me
Hey, what is it that you can't see
All that you'll ever need
You'll find in a girl
A girl like me
(Oh)

Right now I'm stuck in the middle
Of a dream of things I've seen
Right now I'm waiting to dance
I'm waiting for someone to take my hand
And to lead me on the path
Of my heart's desires
And safely guide me to the end
Where fulfillment will be my friend

And I do believe there will be a time
When the sun will forever shine
And I do believe all I want will be mine
I know it will come in time
Yeah I know, it will come in time

There's no-one like you
Not even in my dreams
Nothing like this has ever happened to me
No, never
'Fore you make up your mind
You should listen to me
Nothing like this has ever happened to me
No, never
There's no-one like you, no-one like you
No, no, no, no, no
There's no-one like you, no-one like you
Oooooooh
