When I look into your eyes
To tell you what's on my mind
With no words at all
You seem to understand

Time slips away so quickly
When we spend it together
When we're apart
It feels like forever

Ride like the wind
Two spirits together
Being free,
Roaming where ever
The faster you go
The tighter I hold you
Across the fields and streams
You are always in my dreams

When you take me for a ride the
whole world just falls behind
with no any cares at all
We're in paradise

Time slips away so quickly
When we spend it together
When we're apart
It feels like forever

Ride like the wind
Two spirits together
Being free,
Roaming where ever
The faster you go
The tighter I hold you
Across the fields and streams
You are always in my dreams

You lift me up
You carry me high
I bet we could fly

Let's ride like the wind

You lift me up
You carry me high
I bet we could fly
Let's ride like the wind

Time slips away so quickly
When we spend it together
When we're apart
It feels like forever

Ride like the wind
Two spirits together
Being free,
Roaming where ever
The faster you go
The tighter I hold you
Across the fields and streams
You are always in my dreams
