Sitting together in our special place  
So far away from the world  
Our own private heaven which no-one can disturb  
Days when we want to be just girls  
There's a smile in my eyes when you whisper in my ear  
We giggle and we fall about, and everything's so clear

And we'll be eternally sharing as one  
Secrets and dreams  
Believing so faithfully that we will always be as one  
Secrets and dreams

Sometimes we're silly and people disapprove  
But everything's fun when we're together  
Something so special that they just don't understand  
That we got the perfect connection  
Don't you be surprised at the mischief we can bring  
We link our arms, we'll share a smile and we just want  
to sing

And we'll be eternally sharing as one  
Secrets and dreams  
Believing so faithfully that we will always be as one  
Secrets and dreams

When we're apart the tears keep falling  
When dreams are not enough I need my best friends  
near me  
Do you feel my heart is calling  
I want to share my secrets and my dreams

And we'll be eternally sharing as one  
Secrets and dreams

And we'll be eternally sharing as one  
Secrets and dreams  
Believing so faithfully that we will always be as one  
Secrets and dreams

And we'll be eternally sharing as one  
Secrets and dreams

Believing so faithfully that we will always be as one  
Secrets and dreams

And we'll be eternally sharing as one  
Secrets and dreams  
Believing so faithfully that we will always be as one  
Secrets and dreams

One, secrets and dreams
