Hey!

it's great to see you again my friend
here we are, we're the saddle club
and now a new adventure can begin

so come and take a ride through the country side
we're gonna fly high higher than we've ever done
before
it's a wonderful life, and there's so much more
and the sun is always shining
when I see your face is smiling every day
and the sun is always shining when I see you face
is smiling when I say Hey!

hey

it's great to see you again my friend
here we are, we're going far
we're heading for Pine Hollow, join in

so come and take a ride through the countryside
we're gonna fly high higher than we've ever done
before
leave your troubles behind, they're not worth it for sure
'cause the sun is always shining when you see that
silver
lining through the grey
and the sun is always shining when I see your face is
smiling when I say Hey!

so come and take a ride through the country side
we're gonna fly high higher than we've ever done
before
it's a wonderful life, and there's so much more
and the sun is always shining down on us when we are
riding
on our way
and the sun is always shining when you see that silver
lining through the grey
and the sun is always shining when I see your face is
smiling and I say

Hey!

it's great to see you again my friend
here we are, we're the saddle club
and now our new adventure can begin!
