today
I'll be with my friends
and today yeah
we'll laugh and we'll sing
and we'll ride
with the wind
in our hair
as we sing
and we'll go
to the top
and we'll never stop
with our friends

today
I'll be with my friends
and today yeah
we'll laugh and we'll sing
and we'll ride
through the snow
taking care
as we go
over trees
through the creeks
and we'll go where we please
with our friends

today
I'll be with my friends
and today yeah
we'll laugh and we'll sing
we'll laugh and we'll sing
we'll laugh and we'll sing
we'll laugh and we'll sing
with our friends
