Ride down the ridge
To the lake with the bridge
Where time stands still, so still

Just a breath of the breeze
And the sound of the leaves
Here on our mountain hide-away

We're all for one
And that's the way it should be
Here in the sun
We'll lie with our eyes to the sky
As we watch the clouds roll by

Here with our friends
On a day that never ends
No need for any words at all
Nothing needs to be said
As we're resting our heads
In a field turned to gold, turned to gold

We're all for one
That's the way it should be
Here in the sun
We'll lie with our eyes to the sky
As we watch the clouds roll by

We'll lie with our eyes to the sky
As we watch the clouds roll by

We'll lie with our eyes to the sky
As we watch the clouds roll by
