Time to wise up
and be the best that you can be
Lift your eyes up
Look out as far as you can see
Anything you want, it's there for you
Reach out and take it
What are you going to do
Life is what you make it

Who is that girl
Reaching for the sun
Taking on the world
My inspiration
I wanna look in the mirror and see
That girl looking back at me
Be anything that I want to be
Cuz that girl is me
Who is that girl
That girl is me

Time for action
The place is here, the time is now
A chain reaction
Starting with a good long look around
Anything you dream, it can come true
There's nothing to it
It's up to you
Come on, you can do it

Who is that girl
Reaching for the sun
Taking on the world
My inspiration
I wanna look in the mirror and see
That girl looking back at me
Be anything that I want to be
Cuz that girl is me

Who is that girl
Reaching for the sun
Taking on the world

My inspiration
I wanna look in the mirror and see
That girl looking back at me
Be anything that I want to be
Cuz that girl is me
Who is that girl
That girl is me, yeah yeah
Da da da da da da da
That girl is me
