Well I took a nice walk outside today  
And what did I happen to see?  
I saw an old grey cat and a big brown dog  
Smiling back at me

Well I took a nice walk outside today  
And what did I happen to see  
I saw a pretty little bird, high above  
And it was singing back at me  
(Cheep, cheep, cheep)

It's so good  
I'm feeling happy outside  
The sun is shining one two  
And even more animals to see on our journey

Well I took a nice walk outside today  
And what did I happen to see  
I saw a butterfly as it passed me by  
Oh what a wonderful thing to see  
Oh what a wonderful thing to see  
Oh what a wonderful thing to see
