I got my work cut out
Tell me what it's all about
I've got to lift my game
You think it's just a game, shame shame
I wanna give it a try
I have to draw the line
Have no fear, I want you near
I want you here, come on

Can you read the sign
When you read my mind
Can you feel me here
When I'm nowhere to be seen
We can redefine
In this place in time
Have no fear, I want you near, I want you here
I wanna make you mine

I wanna make you mine

I want to take some time
Here, have some more of mine
I gotta keep the pace
You think life is a race, haste haste
I want to give us a try
I'm standing on the line
Have no fear, I want you near
I want you here, come on

Can you read the sign
When you read my mind
Can you feel me here
When I'm nowhere to be seen
We can redefine
In this place in time
Have no fear, I want you near, I want you here

I, I do my best
To hide my feelings
Deep inside

He, he knows my mind
No matter what I learn
He'll always be my number one

Can you read the sign
When you read my mind
Can you feel me here
When I'm nowhere to be seen

We can redefine
In this place in time
Have no fear, I want you near
I want you here, come on

(Can you read the sign) Can you read the sign
(When you read my mind)
Can you feel me here
When I'm nowhere to be seen
We can redefine
In this place in time
Have no fear, I want you near, I want you here
I wanna make you mine
