I'm sorry for leaving
It's what I had to do
Don't worry, it's alright
I still belong to you

I hope you understand
That I no longer am
Just daddy's little girl (Daddy's little girl)
Daddy's little girl (Daddy's little girl)

So here I am
All by myself
To face sorrows of the world
Even though I cried
Deep inside
I wish I still was daddy's little girl, ooh
Oooooooh

Daddy, I need you
Do you still need me too?
Don't worry, I'm alright
I still belong to you

I know you'll understand
That I no longer am
Just daddy's little girl (Daddy's little girl)
Daddy's little girl (Daddy's little girl)
Just daddy's little girl (Daddy's little girl)

(Daddy's little girl)
