I see people talkin'  
Sayin' lines in the parts they're playin'  
And I hear people explainin'  
All the choices that they're makin' but  
Please, I beg to differ  
Humble yourself, you'll learn  
Much quicker

Well I don't know  
And I'm not sure  
I couldn't tell you I haven't been down this  
Road before  
Don't ask me  
Cuz I'm only sixteen  
I haven't seen  
What I'm gonna be

Well I get people  
Askin' me  
Where is it you wanna be?  
Tellin' me, sorry you'll only find  
That you're wasting your good time  
Be careful, little honey  
Cuz if you fail, who's gonna bring home the money?

Well I don't know  
And I'm not sure  
I couldn't tell you I haven't been down this  
Road before  
Don't ask me  
Cuz I'm only sixteen and  
You're not where I wanna be

Haven't traveled the deep blue sea or  
Picked from an apple tree I  
Still live with my family and I  
Sure don't got no expertise but  
I'm setting out to find  
Whatever happens to be on my mind  
Whatever it is, whatever it is

Well I don't know  
And I'm not sure  
I couldn't tell you I haven't been down this  
Road before  
Don't ask me  
Cuz I'm just sixteen and  
You're not where I wanna be

Don't ask me  
No, don't ask me  
Don't ask me
