Don't fall in love

Showdown looking in your eyes  
I see you've fallen in way too deep  
You got your plans for both of our futures  
Well me, I'm livin' it a more carefree  
It's a big wide world and it's out there  
There's so much that I wanna do  
All I'm saying is don't get too attached of  
The fairy tale of me and you

You say that you love me  
I think that's really sweet, yeah  
You say that you love me  
Some things may never ever be

I want you to know  
It's just a little fun  
There's no need to get too serious, no  
I want you to know  
I may not be the one  
So please, don't go and fall in love  
I want you to know, oh  
That our time together won't last forever  
Let's take adventure where it wants to go  
I want you to know  
It's just a little fun  
There's no need to get to serious, no

Don't fall in love

You got your heart and you're wearing it out there  
Shine a light for all to see  
I fear it could be it's a breaking  
So I gotta speak honestly  
I think you're one in a million  
Out of ten I give you fourteen  
We always have such a good time  
Who knows what tommorow will bring

I feel we're much too young

To talk of being in love, yeah  
I feel we're much too young  
No, there's no need to be in such a big rush

I want you to know  
It's just a little fun  
There's no need to get too serious, no  
I want you to know  
I may not be the one  
So please, don't go and fall in love  
I want you to know  
That our time together won't last forever  
Let's take adventure where it wants to go  
I want you to know  
It's just a little fun  
There's no need to get too serious, no

I said who knows what tomorrow will bring  
You got your heart on your heart and you're wearing it  
out there  
Shine a light for all to see  
I fear I could be a breaking a point  
I gotta speak  
Gotta speak gotta speak so honestly  
I think you're one, one in a million, one in a million  
Out of ten, I give you fourteen  
We always have such a good time  
Have such a good time  
Have such a good time  
Don't

I want you to know  
It's just a little fun  
There's no need to get too serious, no  
I want you to know  
I may not be the one  
So please, don't go and fall in love  
I want you to know  
That our time together won't last forever  
Let's take adventure where it wants to go  
I want you to know  
It's just a little fun  
There's no need to get too serious, no

I want you to know  
It's just a little fun  
There's no need to get too serious, no  
I want you to know  
I may not be the one  
So please, don't go and fall in love  
I want you to know

That our time together won't last forever  
Let's take adventure where it wants to go  
I want you to know  
It's just a little fun  
There's no need to get too serious, no

I want you to know  
It's just a little fun  
There's no need to get too serious, no

Don't fall in love
