Take a look around  
Tell me what you see  
Are you looking for a good time, baby?  
Do you ever think of me  
Come on, hey!

We can sit for hours  
Talk about anything  
Hang for hours  
Not a single word need be said  
Just one look, you know how I feel  
In this mixed up insane world you're the one thing  
that's real

So many reasons why you are my only one  
So many reasons why I just can't get enough  
So many reasons why our love is strong  
It's you, it's only you, you're making me crazy for so  
long  
Crazy for so long

I want you to know  
It's just a little fun  
There's no need to get too serious, no  
I want you to know  
I may not be the one  
So please, don't go and fall in love  
I want you to know, oh  
That our time together won't last forever  
Let's take adventure where it wants to go  
I want you to know  
It's just a little fun  
There's no need to get too serious, no

Don't fall in love

Trapped inside a tiny shell  
Trying to crawl out  
Looking around, seeing nothing but misery  
Longing, wanting reaching needing  
All I'm really sayin'

Someone should try to feel what I'm feelin'

Situations, complications, can't you understand? (Tell me about it)

Hey  
Everything I say is true  
You oughta know what to do  
With a girl like me, a girl like me, a girl like me  
Hey, what is it that you can't see  
All that you'll ever need  
You'll find in a girl  
A girl like me  
Ow.

Right now I'm stuck in the middle  
Of a dream, of things I've seen  
Right now I'm waiting to dance  
I'm waiting for someone to take my hand  
And to lead me on the path  
Of my heart's desires  
And safely guide me to the end  
Where fulfillment will be my friend

And I  
Do believe there will be a time when the  
Sun will forever shine and I  
Do believe all I want will be mine  
I know, it will come in time  
Yeah I know, it will come in time

There's no-one like you  
Not even in my dreams  
Nothing like this has ever happened to me  
No, never  
Before you make up your mind  
You should listen to me  
Nothing like this has ever happened to me  
No, never

There's no-one like you, no-one like you  
No, no, no, no, no  
There's no-one like you, no-one like you  
Ooooooh
