Is my eyeliner straight?  
Are my swimmers up to date?  
I need a new cashmere purse  
Cuz winter's on the way

Can't leave home without a compact  
Lost without my makeup purse  
A grass stain is a tragedy  
A split seam is so much worse

The way some people dress, you just can't help but  
smile  
But our taste is the best,  
We got style  
We got style

Well, I have been to Europe and I've studied the best  
A broken nail is one sure way to make a girl depressed  
Where do people buy their clothes, did they find them  
in a ditch?  
Life would be much nicer if everyone was rich  
Just like us, mmmm

Come on take my photo, but get me in profile  
No, wait, the other side's better  
We got style  
We got style

Do you use that PDA or is it an accesory  
You should wear green, babe, it goes with envy

The camera really loves me  
But not as much as you love yourself  
Do you think these jeans still fit me?  
Put it this way, put those chocolates back on the shelf

Candy kiss, lipstick, eyeliner and blush,  
Nail file, polish, tweasers, cuticle shaker, hairbrush  
Okay, I'm ready

We've got the best riding habits that money can't buy

We keep a credit card handy should something catch  
your eye  
We love the summer sales, we love cotuer design  
And the new season's cuts are simply devine

Sophisticated, elegant, classy, versatile  
Sique, moavtie, so entrougue  
We got style  
We got style (We got style)

So, what do you think? Should I wear this on my date  
tonight?  
No, go with a pink.  
A pink?!  
Well, blue goes with my eyes, so pink looks good with  
yours  
I don't have pink eyes!
