Keep your eyes on right
Keep your eyes on right ahead

Keep your rudders right
Keep your rudders right ahead

Say
Don't go back to there and
Don't go back to there again

Say
Don't go back to there and
Don't go back to there again

But you came on like you knew you would
Wearing high top shoes, walking home from school

And I just bout fell right off the balcony
When I heard you calling back to me again, yeah

Keep your eyes on right
Keep your eyes on right ahead

Get your head on right
Get your head on right again

Say
Don't go back to there and
Don't go back to there again

Say
Don't go back to there and
Don't go back to there again

But you came on like you knew you would
Wearing high top shoes, walking home from school

And I just bout fell right off the balcony
When I heard you calling back to me again, yeah

Keep your eyes ahead

Wooooooooohhhhh (4x)

Keep your eyes on right
Keep your eyes on right ahead
(When I heard you calling back to me)
Keep your eyes ahead

Keep your rudders right
Keep your rudders right ahead
(When I heard you calling back to me again)
Keep your eyes ahead

Keep your eyes on right
Keep your eyes on right ahead
(When I heard you calling back to me)
Keep your eyes ahead

Keep your rudders right
Keep your rudders right ahead
(When I heard you calling back to me again)
Keep your eyes ahead

Keep your eyes on right
Keep your eyes on right ahead
(fades out)
