When I get you home
I'll never let you go
Too bad never last for long
When I'm on alone
You creep into my mind
And I pretend it's you by my side.

You're looking all better each day to me
And you try a little harder each day to be
Everything that I wanted in you
And do everything that I need you to do.

Morning dreams come true
'Cause I wake up next to you
Only for your eyes

Everything you do is all I need to know
I'm yours and never let you down
Everywhere you are is where I wanna be
Anywhere, anytime or place

You're looking all better each day to me
And you try a little harder each day to be
Everything that I wanted in you
And do everything that I need you to do.

You're looking all better each day to me
And you try a little harder each day to be
Everything that I wanted in you
And do everything that I need you to do.

Morning dreams come true
'Cause I wake up next to you
Only for your eyes

You're looking all better each day to me
And you try a little harder each day to be
Everything that I wanted in you
And do everything that I need you to do.

Morning dreams come true

'Cause I wake up next to you
Only for your eyes

Morning dreams come true
Morning dreams come true
Morning dreams come true
