(These are absolutely not the correct lyrics but damn it I fâçâ, -â™ s hard to understand him)

Verb murderin fâçâ, -â™
 Lerd
 For them to serve
 Workin in derb
 Perkin that herbs
 Turnin some heads
 Burnin them permament
 And peerin fâçâ, -â™ in
 Yall need to be learnin fâçâ, -â™
 And sweep the tournament
 Beat the feet burnin with deep
 Discrete words inserted and keep churnin it out
 Turnin fâçâ, -â™ your doubt to worms and keep
 (promises) packed
 React verbally
 back to back surgery
 Aftermath (?) with
 Raps is sad
 Dirty in fact
 Murdering rap
 What do you lack?
 Money and mathematical
 Militiamen whos
 ambitions will only keep your ass wishin so you can
 study my rap style
 huddling back crack with your buddy and whack pals
 cuttin fâçâ, -â™ your ass down till youre utterly
 cracked brotha
 you cant match skills now youre suddenly trapped
 caught in the act, yak, yell now suddenly smacked in
 ya fâçâ, -â™ II
 face all pale like (fâçâ, -âœ where tha
 reaction? fâçâ, -â™)

now who the dope ass rhymer with all the fly flows?
 El gifto magnifico
 Now who be rockin whole crowds throughout from the
 front to the back row
 El gifto magnifico

Who make the ladies say hi when the brothers say ho
El gifto magnifico
Now who the rhyme traveler shootin' through the cosmos
El gifto magnifico

Lyrically aligned with things that you
cant see
Physically
Therefore you cant see me
Master the cancer
That's spreading the black panther
Let in your head and youre dead
And im only getting the dance floor warm for
Dancers
Carry the gift like
Claus
Snappin a whip on Donner Vixen and Prancer
asked for the future im here
And have more information than a cyber hallway
Half of you bastards are now stored
You fell in a trapdoor
And entered the true realm
Of rappers that rap raw
Rap jaw tap
All actors
The black nerd thug
Showin you (?) the total strength of what a word does
Word up vision my mission and intuition
Nutrition will have you listen
And pissin and (feather lyrically)
You would step in my kitchen
Forbidden the synonym flowin
Im sittin and (biddin your gnome?)
My adrenaline shittin on innocent victims
And killin them slow
You feelin it though?

now who the dope ass rhymer with all the fly flows?
El gifto magnifico
Now who be rockin whole crowds throughout from the
front to the back row
El gifto magnifico
Who make the ladies say hi when the brothers say ho
El gifto magnifico
Now who the rhyme traveler shootin' through the cosmos
El gifto magnifico
