i aint derranged,or even slightly strange,
this mc is here to stay and just in time to rearrange,
so sit back relax and listen,this is my religion,
this is my church and u r my people,
mc'in just on flow,it aint no joke,
watch me stand on ur toes and steal the show,
with my mic in my hand,im takin over this land,
watch listen and learn,
my god im on fire,its all my fast rhymin,
lock ur windows and ur doors cause 2nite,
IGNITE is kicking up a storm,,
beats n rhymes on top form,
just flickin rhymes with a mic in one hand,
float like a butterfly and sting like a bee,
im nearly as swift as muhammed ali,
from zero to hero was easy for me,
as i slip n slide fightin for rhymes,
rhymes like mine will stop u in midflight,
IGNITE is gonna keep it tight,
thats right so follow me and say "drum"n"bass"
its suicide,snapshot, crackpots hit the jackpot,

make it count when spittin a rhyme,
ill make ya stutter, and go all of a flutter,
make ya gasp for breath and fail like the rest,
it takes talent 2 be up here wit da best,
take a look at urself ur gettin in a rite mess,
im cold as ice and ready 2,

IGNITE

a bite of fire and pinch of science,
it aint no good stop being defiant,
dignaty d"n"b takin 1st place,
maybe now its all makin sense,
mc'in aint for u so give it a rest,
its self explanatory,
a trail of destruction,
without any interruption,
IGNITE is here and its time to turn evil,
original lyrics kickin, ures are feeble,
follow me take ur time flick a rhyme,
kiss ur dream goodbye, so kill that bassline, ohhha!!!!
MC IGNITE, a cassanova, now its all ova!!!!
