Spineless

Don't forget to ask permission
Bend over forward and open up wide
Are you too scared to make decisions
Close your eyes and hurry to hide

You call yourself a believer of god
Say that you follow his words
and you keep feeding us lies

Nuremberg top hit words
"We only did what we were told"
One man is leading the rest of the herds
Silence is silver compliance is gold

The sign of messiah will alter your mind
Claim that you see but you're blind
And you still feed us your lies

You're grabbed by the balls
You're nailed to the wall
Don't you know that you're spineless?
No backbone at all, I'll laugh when you fall

You have to look up when you're down on your knees
Self contempt makes you feel sick
We understand that you're eager to please
It's hard to protest with a mouth full of d**k

You call yourself a believer of god
Say that you follow his words
And you keep feeding us lies

You're grabbed by the balls
You're nailed to the wall
Don't you know that you're spineless?
No backbone at all, I'll laugh when you fall

You're not a part of the solution
If you think you're a part of machinery

Won't believe a word you say
Don't judge me
I want you out of the system
