come to my house baby
we'll have a real nice time
take our clothes off
and we'll drink some wine
let's watch 80's re-runs
until our eyes hurt
make each other raw
til we think we'll burst
turn the lights off
so no-one thinks we're home
if people try to call us
we'll unplug the phone
talk about the future
when we're dead and gone
then we'll smoke some more
cos it's much more fun

maybe the drugs have blurred my eyes
but i hope the morning never comes
please make forever tonight
cos i'm so tired of seeing the sun

hide under the covers
we'll not be afraid
remember being picked on
and feel glad now we're saved
i wouldn't care if you were
the only one i saw
cos i hate other people
i'm sick of being bored
let's just sleep forever
forever's not that long
if someone ever finds us
maybe they'll write a song
a heartfelt effigy of
why we had to hide
and why we couldn't cope with
the big wide world outside

maybe the drugs have blurred my eyes
but i hope the morning never comes

please make forever tonight
cos i'm so tired of seeing the sun

dont want to turn around incase you disappear
and it's the nicest dream but you were never here
