(Ready, ready?)

I heard a knock at the door

It's mama calling my name

She said get up off the floor

I heard her going insane

She said your friend's on the phone

I said to her, can it wait?

But then she started to moan

No time, cos I'm running late

X2

Nobody's ever gonna,

I do just what I wanna

I'm bad and I'm not sorry

And you will never stop me...

X2

No you will never stop me

X2

Nobody's ever gonna

X8
