go go
a-go go
a-go go
go go go

start the day for something
start the day at seven ten
waking for a living
and the pattern starts again

its avenue b, change at tennessee
before the city begins to swell
at seven two four on the second floor
is where the telephone has my bell

echo echo echo down the wire
i can see
i can see
nothing else to be
i can see
i can see
nothing else to be - eee

only seven letters
only seven hours to go
i begin to wonder now
if there's still a place below

i file it away, handing in the tray
so i can only be who i am
eleven fifteen, tapping the machine

until the calender starts to jam

echo echo echo down the wire
i can see
i can see
nothing else to be
i can see
i can see
nothing else to be - eee

oh talking about
oh walking about
we'll go back to the sea
and find what i'm about

oh
but i'll never be someone again
oh
cos it happens all over again tomorrow
