Saaay what,  
We should start somethin simple,  
Gonna push this beat till it hits the top,  
Then rock it, dance right till it falls,  
Grab that beat, by the balls,  
Stand tall, that's right, be proud'a yourself,  
You could give me heat but I'd never tell,  
Do somethin, uh-huh, somethin great,  
If you try to stop this, you're just too late,

[Chrous]

We just won't be defeated,  
We'll fight until we drop,  
You can knock us all down,  
Try to mute the sound,  
But we'll climb back to the top,

We just won't be defeated,  
We'll fight until we drop,  
You can knock us all down,  
Try to mute the sound,  
But we'll climb right back up!

What?  
We should start somethin simple,  
Gonna push this beat till it hits the top,  
Then rock it, dance right till it falls,  
Grab that beat, by the balls,  
Stand tall, that's right, be proud'a yourself,  
You could give me heat, but I'd never tell,  
Do somethin, uh-huh, somethin great,  
If you try to stop this, you're just too late,
