alone

i look at you and see
someone i don't wanna be
and it's taking me too long to realize
i'm better off alone
all the times that you told me lies
and you know that it happend too many times
and it's time that i realize
i am better off alone x 2

better off alon.....

i'm living you now
i want you to know
i know what i want and i knew what its love
i couldn't had gon but i'm not gonna stay anymore
so i'm living baby i cannot forget all the paine that i had
all the thing that you said
am i making you mad?
ya you make me bad all alone
its time i will be alone

living you dont need you anymore x4

ya i'm living you it's time
i am not letting you play with my minde
and i am moving with my life
its time
i am living you behind
all the times that you told me lies
and you know that it happend too many times
now its time that i realize
i'm better off alone

all the times that you told me lies
and you know that it happend too many times
now its time that i realize
im better off alone

im living you now (living you now)

i want you to know
