Is it I? you
Or it's just a phase im going through
?Is it love? Hate
The way life goes or fate
?How should I act
There are things that I just can't forget
Things I have to say
Before I'm going my way

Cause it's killing me; baby, it's killing me
?Is it gonna revive me, baby, or make me bleed
And it's killing me; baby, it's killing me
,Someone's going to lose here, baby
?Who is it gonna be
Cause I'll be fine
Still have my dignity
I'm gonna be fine

I didn't know how to tell you
That I don't like boys playing with my heart
And now is the time to tell you
No matter how we were
We're better off apart

?Is it life, Death
?Should I stay alone, by myself
?Is it laughter, Tear
?That is left behind my dear
?How should I act
.I am tired to be under attack
?And what should I Say
To make it go away

And im telling you baby, it's killing me
?Is it gonna revive me, baby, or make me bleed
And it's killing me; baby, it's killing me
,Someone's going to lose here, baby
?Who is it gonna be
Cause I'll be fine
Still have my dignity
I'm gonna be fine

I didn't know how to tell you
That I don't like boys playing with my heart
And now is the time to tell you
No matter how we were
We're better off apart
