a voice from inside  
wants to be heard  
but all you hear are endless cries  
from deep inside

you hear him talking inside your mind  
he needs your body to stay

someone lives inside  
I don't seem to get him out  
someone lives inside  
and worst of all he's here to stay

just like a game  
you win or loose  
but at the time there's no way out  
of this hell

you hear him talking inside your mind  
he needs your body to stay

someone lives inside  
I don't seem to get him out  
someone lives inside  
and worst of all he's here to stay  
someone lives inside  
I don't seem to get him out  
someone lives inside  
and worst of all he's here to stay

someone lives inside  
someone lives inside

someone lives inside  
I don't seem to get him out  
someone lives inside  
and worst of all he's here to stay

someone lives inside  
someone lives inside  
someone lives inside

and worst of all he's here to stay
