I remember that day  
Wind pushing birds around  
Trees crashing against the window  
Of a ghost hotel

I kissed you  
And swore I'd never tell  
But you said, "It wasn't right"

I remember that day  
Rain pouring from the sky  
Dashing down the boulevard  
Watching the city from a tower

My head felt light  
I knew I'd lost my heart  
But I just said, "I hate heights"

Why did you say you loved me  
That day, that day  
When you new you wouldn't have me on  
This day, this day

Now you're fine, I'm not okay  
And I can only stay away  
I can only kneel and pray  
Try and try to forget that day

I remember the time  
I left to get some work done  
Wasn't looking for anyone  
When out of nowhere you found me

And though now I know  
You love some other one  
I can't forget the things you said

Why did you say you loved me  
That day, that day  
When you new you wouldn't have me on  
This day, this day

Now you're fine, I'm not okay  
And I can only stay away  
I can only kneel and pray  
Try and try to forget that day

I remember the time  
I left to get some work done  
Wasn't looking for anyone  
When out of nowhere you found me

And though now I know  
You love some other one  
I can't forget the things you said

Why did you say you loved me  
That day, that day  
When you new you wouldn't have me on  
This day, this day

Now you're fine, I'm not okay  
And I can only stay away  
I can only kneel and pray  
Try and try to forget that day

Try and try to forget that day
