Hey, hey, hey, hey

If you get up and walk away
Leave the past behind
Go ahead and take a ride
No telling what you'll find

The words you say don't mean a thing
They fly right by my eyes
Lookin' the mirror don't look at me
Maybe then you'll realize

Oh, oh, so get up and go
If you're so tired of moving slow
Go, if you're so tired of moving slow
Go, get up and go

I was on the inside
Just looking out for you
But turn around to you to make the change
There's nothing I can do

Now's the time for you to move
Actions shout out loud
So cut the talk and move your feet
'Cuz words get lost in crowds

Quit talking, start walking now
Quit talking, start walking now

So get up and go
If you're so tired of moving slow
Go, if you're so tired of moving slow
Go, get up and go

Hey, hey, hey, hey

Go, get up and go
Go, get up and go
Go, get up and go
Go, get up and go

So get up and go
If you're so tired of moving slow
Go, if you're so tired of moving slow
Go, if you're so tired of moving slow
Go, if you're so tired of moving slow

Go, get up and go, oh, go
